Tu me fallaste esa noche. Te fuiste

sabiendo que

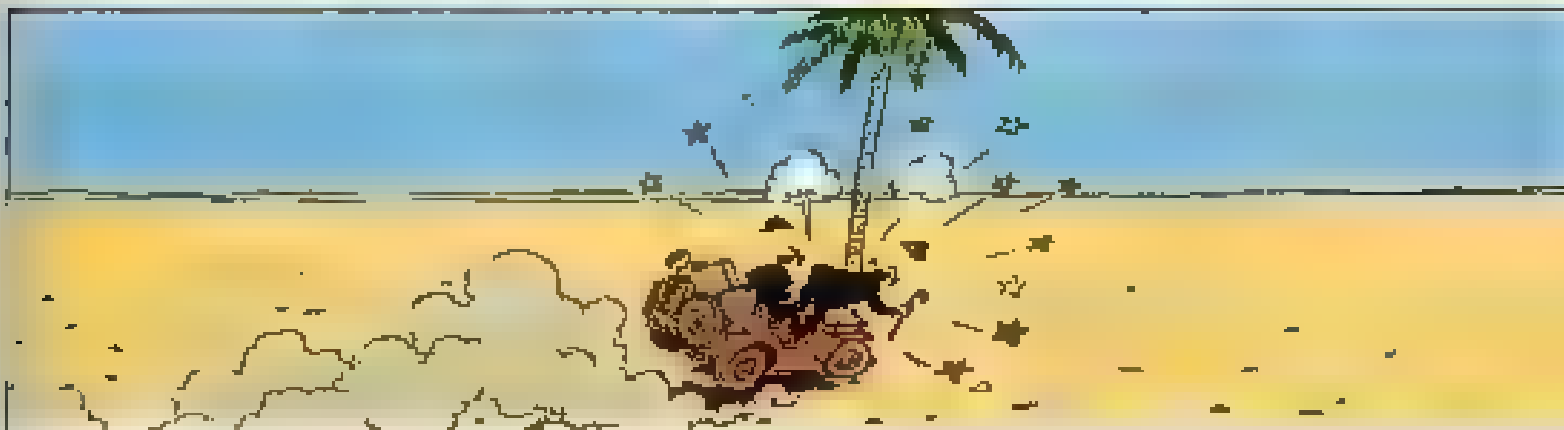

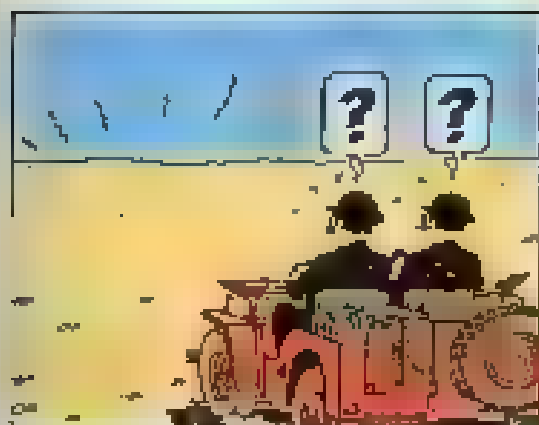

A man with a long brown beard and a woman with dark hair are shown in a close embrace. The man is wearing a dark jacket, and the woman is wearing a red top. They are in a room with a light blue background, and there are many small, light blue, petal-like shapes falling around them. The man's hands are clasped in front of him, and the woman's hands are resting on his chest.

¡Mil rayos! Mira a Fernández y Hernández...

¡Señor! ¿Qué les ha ocurrido?

No sé... hip... el calor... hip... quizás. O tal vez haya sido... hip... este aspirina... hip... que acabamos de tomar...

Un tubo que hemos encontrado.

Ver.

¿Qué aspirina?

No lo entiendo... Es realmente un tubo de aspirina. Pero veamos lo que contiene...

¡Qué raro! Los comprimidos llevan la marca de fábrica. ¡Es extraordinario esto...!

De veras que es raro...

¡Mil rayos! ¡Mil rayos! Mira a tus amigos. Están fríos...

¡Dios mío! ¡Esto es espantoso!

¡Ay, qué... hip... malito estoy...!

Yo diría más: ¡qué malito estoy!

Más, más. ¡Mil rayos, aún más!

Hemos de preocuparnos de que curen a esta pobre gente... Tom el "Lancia" y lleva a Abdallah con su padre... Yo me encargo de Müller y de Hernández y Fernández.

Bueno.

¡Hip!

Le ofrezco una fortuna si destruye las aspirinas en vez de hacerlas analizar...

Así, ¿el tubo es suyo? ¿Qué contienen los comprimidos?

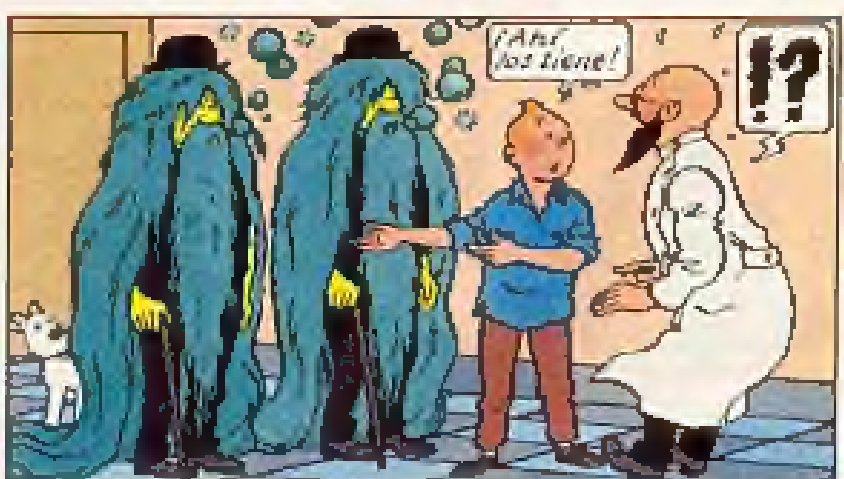

No le importa. Destruyalos y hará su fortuna...

Lo siento, Müller, los haré analizar.

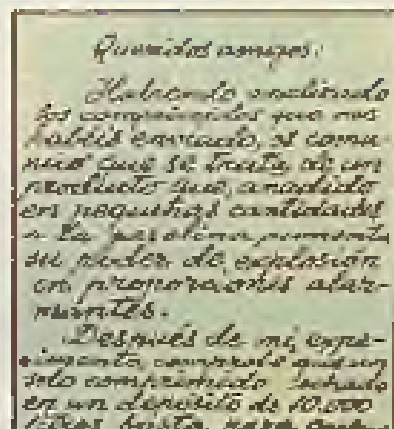

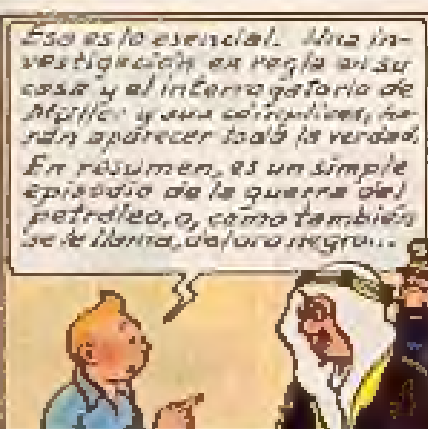

Dos horas después, en el hospital de Wiesbaden.

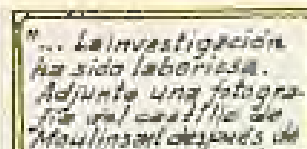

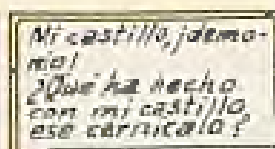

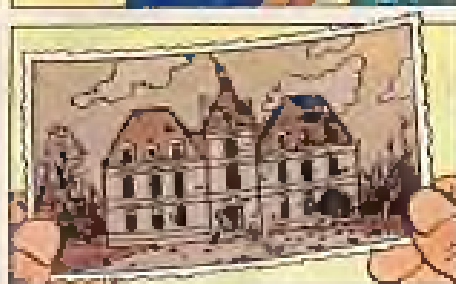

¡Corra, doctor: dos casos extraordinarios!

¡Ah! ¿los tiene!

!?

¡Dios, juro que voy a ser un gran hombre!

"El proceso Müller aporta nuevas revelaciones todos los días. Por su ministerio de las explosiones de los motores está totalmente aclarado. Se sabe que una potencia extranjera había descubierto un producto, el N. 14, que añadido a la gasolina, aumentaba en diez veces su poder de explosión."

En caso de guerra, las agencias secretas de esta potencia debían inutilizar las reservas de carburantes de sus adversarios. La epidemia de explosiones demorales de estos últimos tiempos constituía en parte un escape general, en pequeña escala, de esta nueva táctica. Gracias al celebre periodista Tintin ha sido descubierto el secreto del N. 14..."

... y de ha inventado un producto capaz de neutralizar los efectos del primero; por lo tanto, se puede afirmar que la intervención de este valiente muchacho ha evitado la guerra. En cuanto a los pelucos Hernández y Fernández, que por desgracia se habían tragado un comprimido del N. 14 y cuya salud había caído, vivas inquietudes para un viaje de curación."

¿Qué le parece...? Nos hemos salvado de una buena guerra? Pensar que sin la equivocación de los Hernández hubiésemos tenido guerra... Pero, ahora que me acuerdo, capitán, todavía no has contado cómo intervino en este asunto...

¡Ah! Si es verdad, ya... Gracias, Alteza...

Bien... Pff... Eso es... Pff... Creo que ya se le dije... Pff... que todo fue a la vez muy sencillo... Pff... y muy complicado...

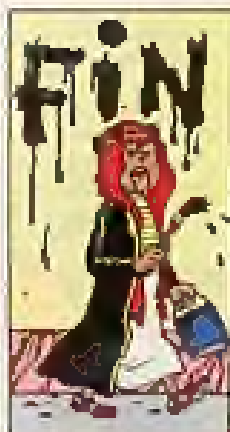

La cosa fue, pues, que Pff... que... Pff... Pff...

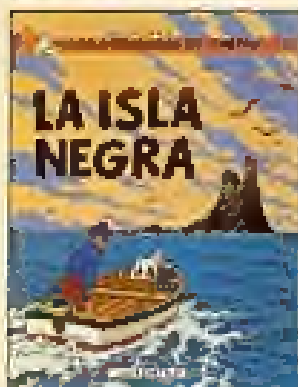

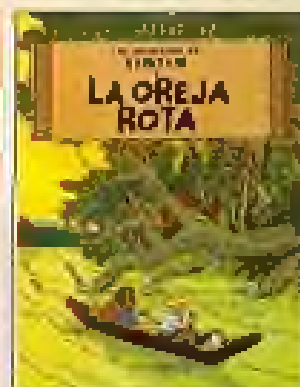

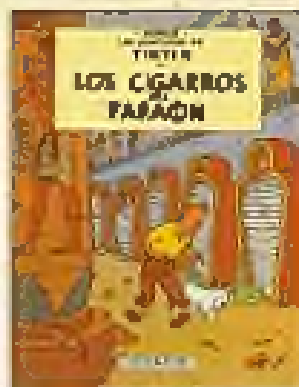

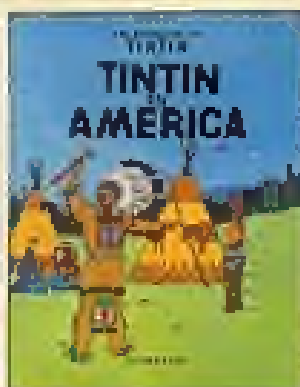

¡Esa bromita de Abdallah...! Me había prometido que ahora iba a portarse bien... ¡Oh, qué niño tan adorable! ¡Verdad?

¡Adorable! ¡Adorable...! ¡Esa es la palabra! Para para saber el final de mi historia, no contéis conmigo... Esta vez, ¡mí! ¡truenos! ¡ge acabo! ¡Se acabó!
